Dear Friend,

St. Ursula School, located in the heart of Hampton Township, proudly announces the 16th annual Pot O' Gold Dinner and Auction on March 7th, 2009. What was once an intimate gathering of friends to help raise a small amount of money for our school, has blossomed into the school's single largest fund raising event of the year. With almost 250 attendees and a multitude of sponsors and volunteers, this event raised over \$27,000.00 last year. The evening is complete with dinner, silent auction, super basket raffles, live auction and children's art auction. With the help of supporters like you, we hope to continue our success and thereby continue the wonderful works of our school, educating today's youth in both academics and Christian values.

Your donation of goods or services will be a wonderful addition to our event and an advertising opportunity for your business. Your donated item(s) will be sold as a silent auction package or in a live auction arena. In either case, your business's name will be prominently displayed with your donation at the event, in our event program and in our Parish bulletin. St. Ursula Parish operates the school and has over 1800 registered families. St. Ursula School offers an exceptional educational experience to over 140 children in kindergarten through eighth grade. Consequently, previous donors have commented very positively on the visibility and referrals generated from this event, not to mention the tax benefit.

We hope we can count on your support. Donations can be mailed directly to the address above or picked up by a committee volunteer at your request. Simply call the school at 412 486-5511 to arrange for pick up. We kindly request that all donations be made as early as possible. This will allow us to advertise your contributions in our pre-event publicity. All donations must be received by February 15th to ensure inclusion in our program. Thank you for your thoughtful consideration of our request. Your support is greatly appreciated by the students, faculty and families of St. Ursula.

Sincerely,

St. Ursula School Pot O' Gold Planning Committee
