Dear Friend,

St. Ursula School, located in the heart of Hampton Township, proudly announces the 19th annual Pot O' Gold Dinner and Auction on March 10th 2012. What was once an intimate gathering of friends to help raise a small amount of money for our school, has blossomed into the school's single largest fund raising event of the year. With 250 attendees and over 150 sponsors and underwriters, this event raised over \$30,000 last year. The evening is complete with dinner, silent auction, super basket raffles, live auction and children's art auction. With the help of supporters like you, we hope to continue our success and thereby continue the wonderful works of our school, educating today's youth in both academics and Christian values.

Your donation of goods or services will be a wonderful addition to our event and an advertising opportunity for your business. Your donated item(s) will be sold as a silent auction package or in a live auction arena. In either case, your business's name will be prominently displayed with your donation at the event, in our event program and in our Parish bulletin. St. Ursula Parish operates the school and has over 1800 registered families. St. Ursula School offers an exceptional educational experience to over 150 children in pre-kindergarten through eighth grade. Consequently, previous donors have commented very positively on the visibility and referrals generated from this event, not to mention the tax benefit.

We hope we can count on your support. Donations can be mailed directly to the address above or picked up by a committee volunteer at your request. Simply call the school at 412 486 5511 to arrange for pick up. We kindly request that all donations be made by February 22, 2012 to allow us to advertise your contributions in our pre-event publicity and in our program. Thank you for your thoughtful consideration of our request. Your support is greatly appreciated by the students, faculty and families of St. Ursula.

Sincerely,

St. Ursula School Pot O' Gold Planning Committee
